Conference News - February

End of the Year SEC Financial Report

The end of the year financial report shows **GOOD** news and **BAD** news. The bad news is that we once again ended the year with a deficit of \$21,500. The good news is that this deficit is less than the deficit in 2009, of \$24,500. Our OCWM Basic Support is up from last year \$8,500 to \$285,000. Our goal for 2011 is to raise OCWM Basic Support by 15%, which, with our savings in administration and operations, means we could both not have a deficit and increase our giving to the national church. Given these challenging times, we remain deeply grateful for the giving from our local churches.

As we move into 2011, the Board of Directors has approved a budget of \$521,200, which is down \$140,000 from 2010 reflecting slower grant income activity and continual reduction in operating and administrative costs. The projected deficit for 2011 is \$8,000.
